We would like to thank all the citizens within Lewis County Fire District 14 for your overwhelming support.

Our EMS renewal levy needed 50% plus one vote to pass, we were hoping for a yes vote in the 60% range, but our voters showed their amazing support with an 81.24% yes vote. This tells us that the vast majority of you approve of the job that the administration and volunteers are doing in providing quality emergency medical care and transport and we highly value that vote of confidence.

Rest assured that the funds generated by this levy will be used solely for EMS training, equipment and supplies, in a fiscally responsible manner.

Again, Thank for your continued support.

Sincerely,

Jeff Jaques, Fire Chief
